CP's Book

C.P.

What can I write. You've been one of my best friends this year. There are things that I could only talk to you about. You can always understand me and what I felt. I'm really glad you could share some thing with me. (about your college life) I was never bored. It was the best. You're such a good friend to me it's hard to believe you are an adult, you just seem like one of the gang. I'm glad you ended up telling me about your dream. I was flattered. I'm really glad you let me be your T.A. 2nd semester. I wish I could be your T.A. next year, but I have too many classes that I have to take. But, if you don't mind I'll be in here in my spare time to bug you. Don't worry, you'll see enough of me so you won't forget me. I could never forget you. If only you were younger & I was older you could be the guy for me. Take Care & God Bless. He made you "O.K." too!!!

Love Ya Lots,
Pat

John, C.P., Coach, Wetback, & Mr. Prickett,

What can I say, you're a real special person to me and I don't think I would have had half the fun I had this year. I never had so much fun toiletpapering and swimming! Camping at Doheny Beach was the best! But Sorry we woke you up. Thanx for getting me out of trouble when I got into it. If this school was full of teachers like you, I wouldn't want to leave. I will come back and see you next year cuz I'm gonna miss you. Take Care,

Love,
Lisa
Chagollan

ASB
PRESIDENT

Another year comes to an end, and another graduation is just around the corner. For most of us this is a very happy occassion, but for most this is a time they will regret that they will never all be together again.

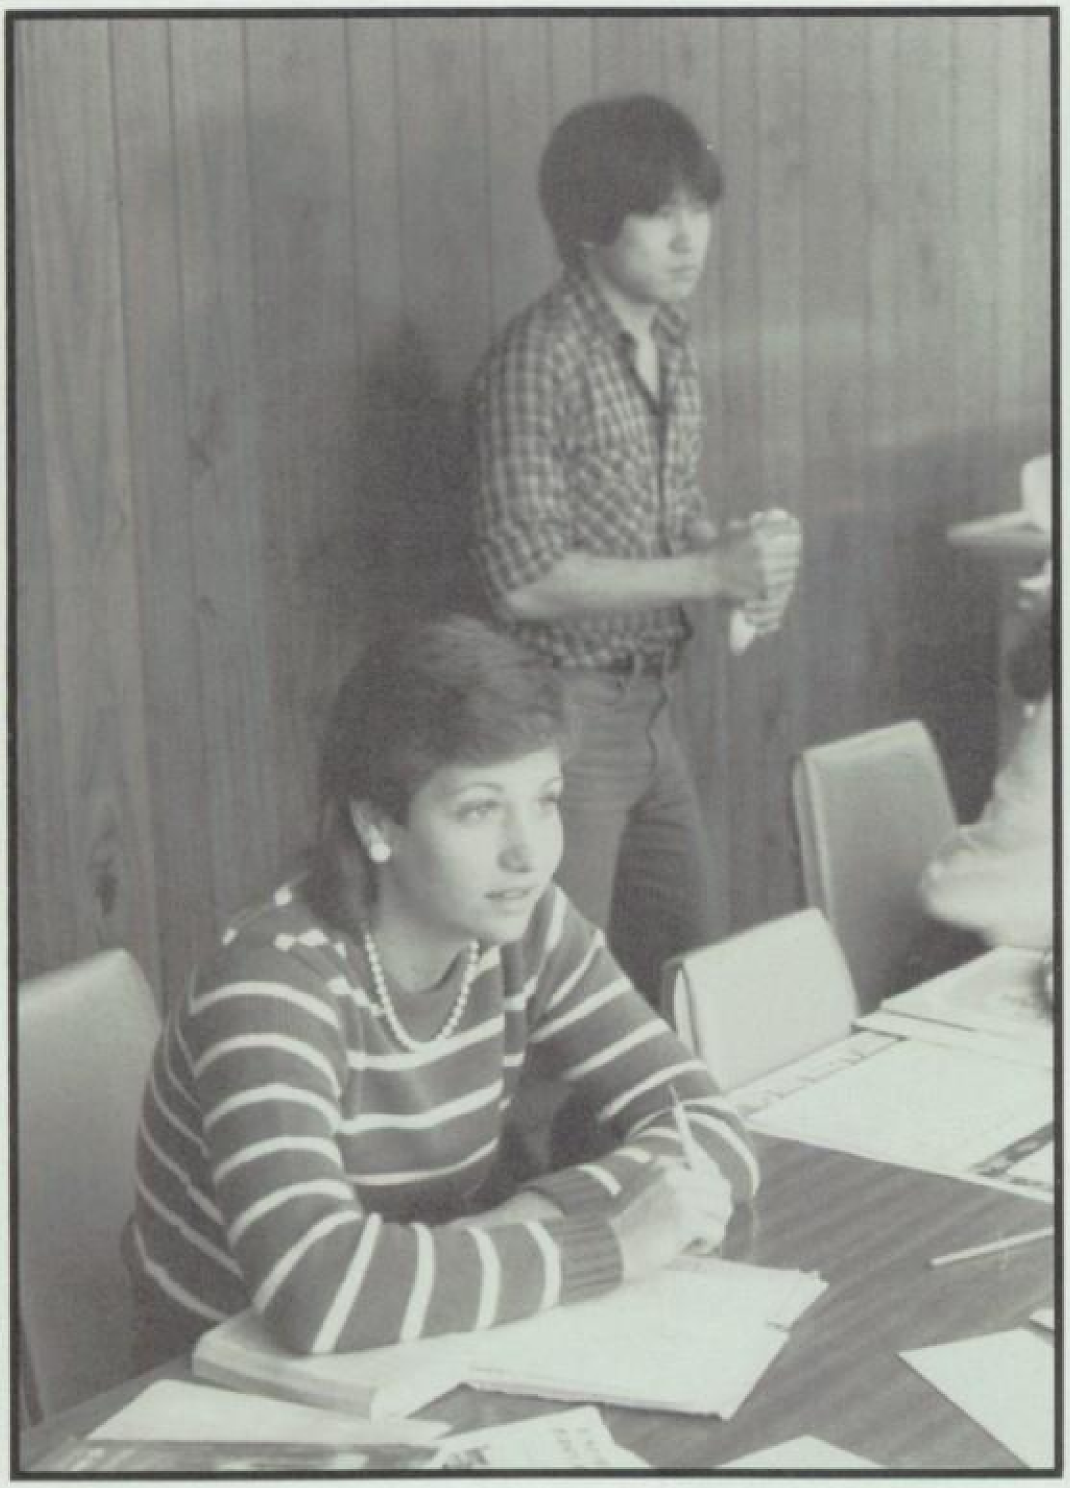

Some of the best years of our lives are over, and looking back on all the things we have done. Going to classes, games, assemblies and dances. It all seems like it was just yesterday. The friends we have made throughout the years. The great hopes and times we have shared. The memories of our high school years will always be with us, Forever.

High school has tried to prepare us for the future. Learning skills, working together and learning from others.

This years ASB Cabinet had a very important role on my senior year. Each person tried their hardest and knew we needed to accomplish something. We have made a step in the right direction. Overcoming many obstacles in our way. My friends that have helped me at Masgnolia have made these the best years of my life. Thanks for everything!

EDISON HAMADA

ASB VICE-PRESIDENT

1982-83 should be called, the year of pride. You could see it everywhere. Finally Magnolia received some long deserved honor and respect. The football team and volleyball team started it off and it continued throughout the year in sports, academics and activities. Our Student Body showed much involvement and support. Especially our athletic Boosters!

Through it all, we the ASB did our best to create an enthusiastic and optimistic atmosphere. We tried to be encouraging. Our campus will soon have a whole new look and hopefully within the next few years, Magnolia will become the best all around school in the district. The future classes have a lot to look forward to, so get involved and be a part of your schoolw Make your years here at Magnolia fun and exciting! The most important thing to remember is to stick together as a class. United you can make everything you do fun and exciting: but divided it will be boring and depressing. I wish the best of luck to the class of 1983! and to future classes.

It's Miller Time In Anaheim!!!

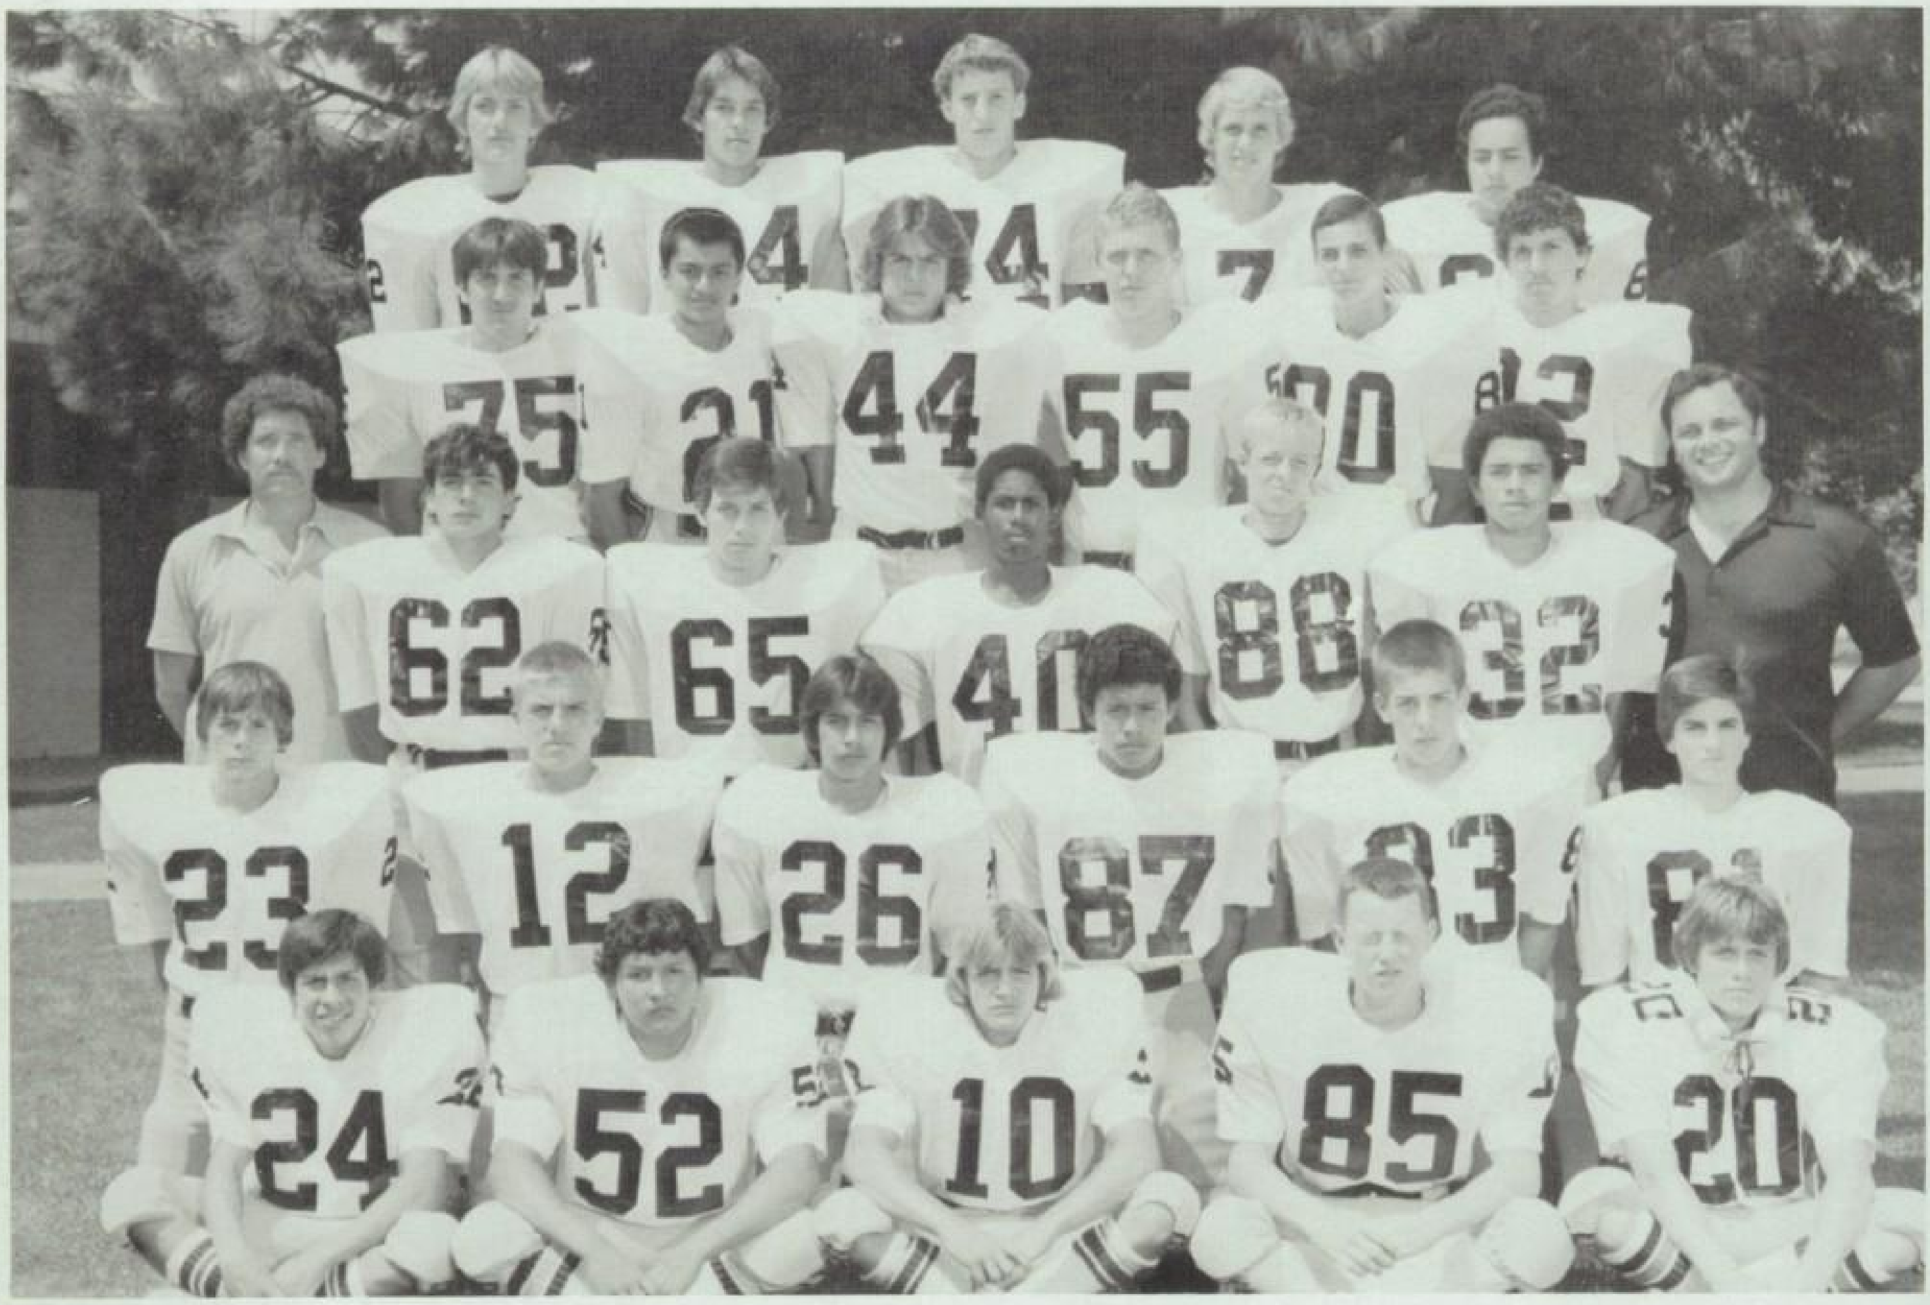

VARSITY FOOTBALL VARSITY FOOTBALL

Well, Coach Miller came to coach at our school, others said, what a fool. But coach saw talent in his eyes and not just in one or two but most of the guys. How good of a team only time could tell, and the two weeks in summer they went through pure hell. We lost the first game, then the second, the third game came sorry to say it went the same. Never be satisfied is what the coach said, and before every game they went to Momma Cozza's and their faces they fed. The fourth game came and the guys with their goals high set, we were going to win this game you could bet! Sorry to say and its a crying shame, the Sentinel team lost once again. But, Magnolia was a persistent bunch because Brea Olinda we were going to crunch! Before the season Miller did detect, the Magnolia Sentinels will earn respect. Every game the guys looked classey in their new uniforms nice and flashy. They walked on and off the field in step and stride while captain Sean Mermer and the rest of the team yelled M-H-S PRIDE!!! As the Cheerleaders did their best to cheer them on watch out CIF it won't be long. Homecoming was an awesome game, beating Western did bring us respect and fame. Being League Champs, a chance we had, and the Valencia game, oh how sad. We came so close to being there, sometimes life just doesn't seem fair. A toss of a coin, we were one of the three maybe it just wasn't meant to be. So wipe away your tears for now, because next year we'll be the ones to take a bow. Without our coaches it could never be and hats off the **Class-of-1983!!!** Next year the trophy we will get! Yes, Magnolia High has earned respect. So stand proud Coach Miller, and let your pride shine, for we all know its **MILLERTIME**!!!

1983-A year for "STEPPING-OUT" in clubs. Fund-raising, learning about other cultures and even

an occasional ski trip were all part of the "MADNESS" of our clubs at MHS!

Girls League

Girls League if anything is a community service club. We have done T.M.R. parties for the retarded kids at Salk, flower sales, and many other things. But our big events are putting on the Sweetheart Dance, nominating the five Mr. Irrisistable candidates and electing Girls League Sweethearts. I hope Girls League continues to be as successful as it has been in the past years.

PRINCIPAL

DONALD KEYS

It is with excitement and sadness that we shall soon say goodbye to this year's graduating seniors. I am excited about the achievement of this class and the challenges that are in the future. I feel confident that this class is well prepared to meet their new endeavors. But I am also sad to see this class leave as it is the class which started here at Magnolia with me, my first year as principal of Magnolia. We have shared many fond memories these last three years and I shall miss you all a lot.

Sincerely,
Donald Keys, Principal

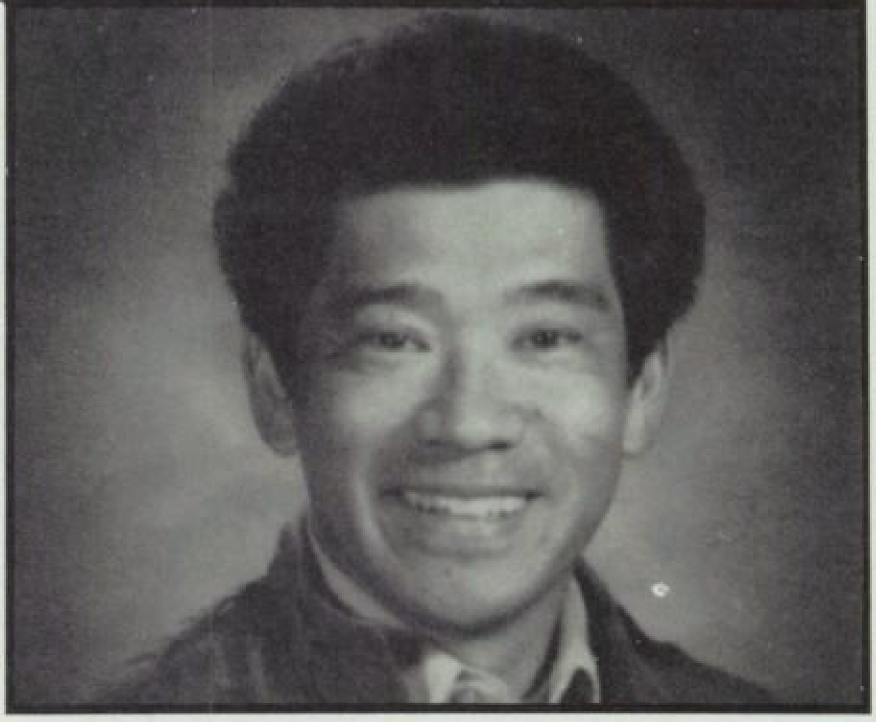

ASSISTANT PRINCIPAL

Superstition has it that seven is a lucky number. This is my seventh year at Magnolia, has been the best year ever, and I know that it hasn't been only luck that has made it this way. Year after year, class after class, I have seen dedicated, hard working teachers, staff members, administrators, parents and most of all, students commit themselves to make Magnolia High School #1. Two years ago the theme "The big M is Moving Up" was adopted. In 1982 we proudly changed that to "To the Big M is #1".

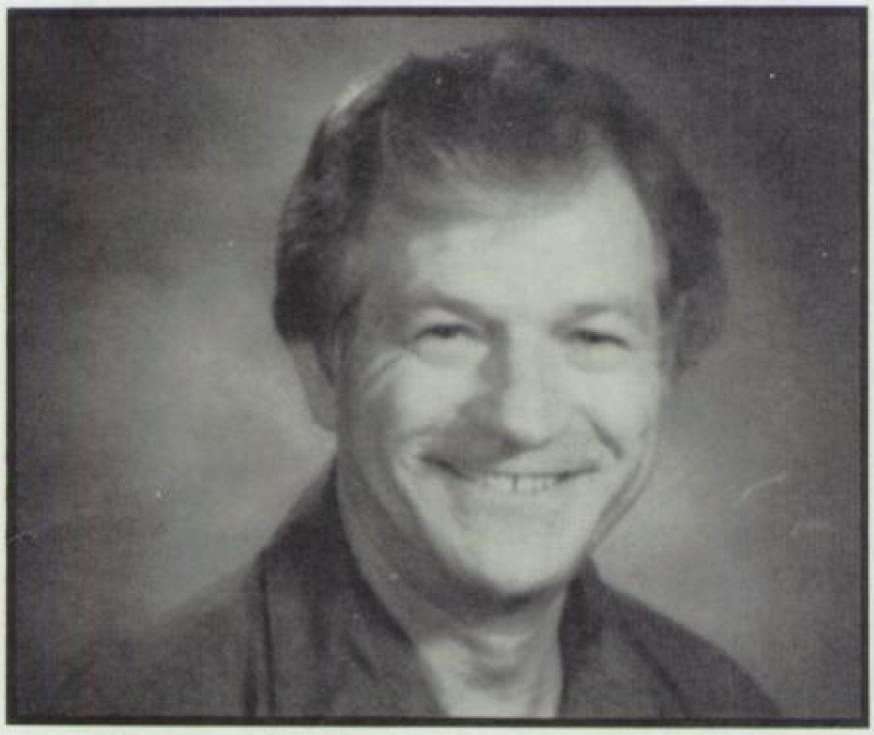

I extend my sincerest thanks and appreciation to all of the people involved in accomplishing this magnificent task. I only hope and pray that the classes which follow realize their responsibilities to keep Magnolia on TOP.

I'm proud to be a Sentinel.

Sincerely,
B. M. Taketa

Bill Pittman

I would like to say to all graduating Seniors that I have enjoyed working with you and wish you success and happiness in the future. You have every reason to be proud of your accomplishments at Magnolia High School.

To the returning juniors, sophomores, and freshmen- I will be looking forward to your return in Spetember for another good year.

Bill Pittman

At this time of the year you will receive well-deserved congratulations from many people regarding your upcoming graduation. I wish to be one of the first to commend each of you. This is certainly one of those times in life when you have reached a goal set for yourself years before. It is also an excellent point at which to begin fashioning new goals for the future.

School provides you with the setting for different types of learning experiences. Through the expert instruction of your teachers, you have acquired a lot of knowledge of the world in which you live. Of equal importance, though, is what your school years have taught you about the type of person you wish to be.

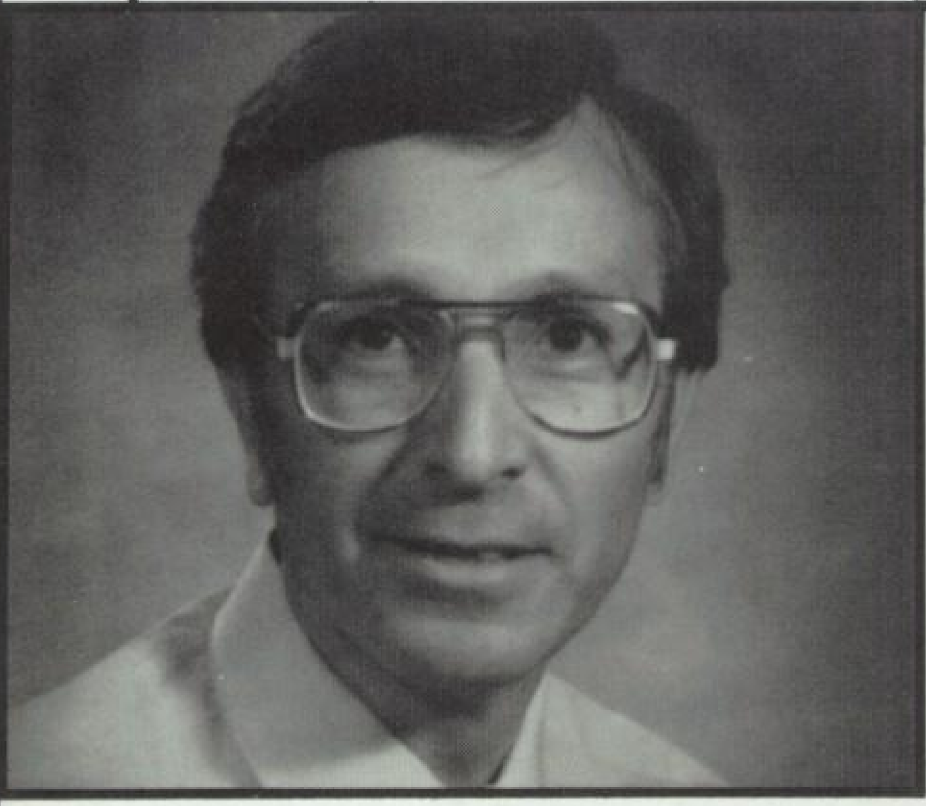

Congratulations again, graduating Seniors. We are proud of the person you have become.

Mr. Silva

The big "M" began its ascent during the 1981-1982 school year. As juniors, the class of 1983, was a positive force in helping the big "M" move upward. Now, in this your senior year, The class of 1983 has been an inspiration to the entire sutdent body. You have shown outstanding leadership and you have cooperated in a magnificent way with the administration and teaching faculty. The result: outstanding success in all fields: academic, athletic, school spirit. You have set a great pace for future sentinels to match. I am proud to have been a counselor for the class of 1983.

Twenty years ago, in June of 1963, I too donned a Magnolia cap and gown to proudly receive my diploma as a member of Magnolia's first graduating class. I remember the moment well because in my life it represented a major step to a bright yet uncertain future. I'm sure that you too, as a member of Magnolia's 1983 graduating class, are experiencing feelings of accomplishment mixed with anxiety about your future.

As the year's go by, pleasant times during your high school years will become cherished memories as not-so-pleasant experiences dim. Your paths will lead in many directions. However there will always be one thing that you will have in common and that is your stay at Magnolia. Hopefully you'll be able to join me in proudly stating that we are graduates of Magnolia High School! Seniors, best wishes and congradulations for a job well done.

THE 1982-1983
CANNON

Sue was born in Maryville, Missouri. She graduated from Maryville high school in 1941. At Northwest Missouri State University she attained a Bachelor of Science degree with a business major and speech minor.

She married Bill Cochrane in 1944. They have two sons, both graduates of Magnolia High School. Mike is presently teaching social studies at Katella High and coaching track. He and his wife Sue have one daughter, Alexis. Hank teaches math at Newport Harbor High School. He also coaches basketball and track. He and his wife Leslie have three children; a son Geoff and 2 daughters, Brynn and Jody.

It is a pleasure to be associated with a dedicated teacher as Sue Cochrane. Her enthusiasm for Magnolia High School and particularly for the welfare of her students has always been foremost in her actions. Sue's pleasant mannerisms and helpful assistance to students and faculty will be missed by everyone. I would like to wish her well, and God's blessings in retirement with her husband, Bill, and her family.

Pete Embree

Mrs. Cochrane began her teaching career in 1944, at Tarkio High School in Missouri. In 1947 and 1948 Sue taught in the small town of Bunkerhill, Kansas. Then, from 1950 to 1953 she taught high school in Hopkins, Missouri. The Cochrane family then moved to Lawrence, Kansas where Sue once again taught business classes from 1954 to 1958.

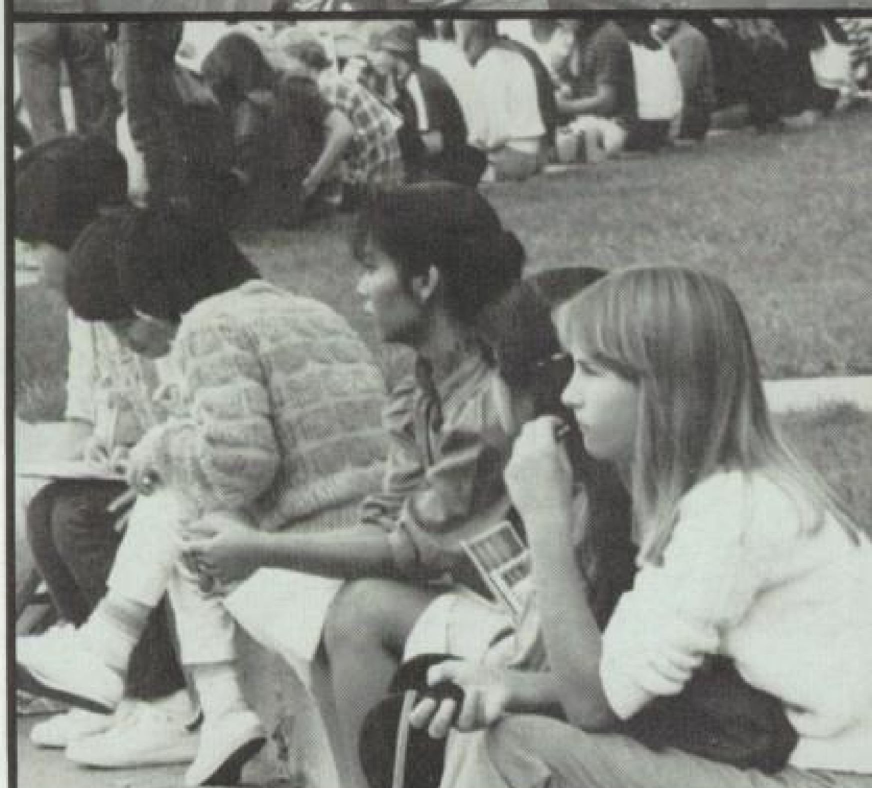

In 1955, Sue and her family moved to Anaheim. Sue began teaching at Walker Jr. Hi. After teaching two years at Walker she transferred to the newly opened Magnolia High School. She has been teaching various business classes here since then.

C.P. - Thanks for taping my ankles this year. I am really lucky to know someone like you. You always helped me with a lot of my problems this year, as always. I owe you a lot and some day I will figure out how to repay you. It won't be with tape or toilet paper so don't worry. Confetti maybe I don't know yet. I'm sure Ayumi and I will think of something. I'm glad I have one more year of basketball. You don't have to worry or hate me for not going out. Just think in ten years when I am living in Beverly Hills with Tom Selleck or somebody else with millions at my disposal, you will look back and say I knew her. Well thanks for your help, I don't think I could of made it through high school without you. I also could of never made it in basketball without your help. I didn't know a thing about it until I went out because I was tall. I will always remember you after high school. You are a very special person to me even though I don't always show it. See ya over the summer.

Well, it looks like we're the only ones left out of the 5 of us. (You, Me, Tammy, Barbi, and Mary!) I can still remember when I first made the team. You would tell people that I was only a Freshman and you would be all proud. Now, I'm already gonna be a Senior next year. It seems like a long time but then it went bye radly quick! You've been such a sweet ~~gu~~ sorry! coach. It's sad to think that we only have one more year together.

I'm sorry that I let you down this year in basketball. I know how much you expected out of me and everyone else on the team expected out of me. I hope I can do better next season. I'm gonna try my hardest! It's gonna be hard without Tammy, Barb, and Mary, but I'll try. Well, I hope you'll have a great summer. I'll see you at the games. Thanks for all the fun times! Take Care!
